## Work Experience

**Independent Designer, Engineer and Consultant**

Apr 2025 - now

Freelance:

- [project-ensemble.com](#), [judys.cafe](#)

Projects (solo):

- [wofür.eu](#): Traces German public money, processing 2.5m+ records from official sources
- [getparsed.vercel.app](#): Bayesian small-business valuation engine with uncertainty quantification
- [flux-rndproject.vercel.app](#): Redesigned an engineering intro course + built its learning platform

**AI Engineering Intern**

Aug 2026 - Sep 2026

Cielo Real Estate - Berlin

- Built an internal pseudonymisation layer that makes commercial AI usable on client data under GDPR. Now in production and processes every document submitted to AI tools.

**Project Management Intern**

Jul 2026 - Aug 2026

Deutsches Forschungszentrum für Künstliche Intelligenz - Berlin

- Led an early stage immersive AI project involving 3D human avatars

**Co-Founder**

Aug 2023 - Aug 2024

Edme - Berlin

- Interviewed teachers and students, then designed and built a short-form video learning platform end to end.
- Selected for **Founders Foundation Batch #4** (accelerator programme with mentorship from investors and founders).

**Additional Experience**

2022 - 2026

Hospitality, logistics & service roles - Berlin / Maastricht

---
